Item	Presenter	Notes																				
Current Progress	@Sam Duncan	<ul style="list-style-type: none"><li>• We are ready to deploy code to SIT with hard coded values for fields where we're still waiting for confirmation on how to populate</li><li>• We will need instructions from Grainger as to whether some of the fields that HomeLet considers to be mandatory (e.g. Title, TelephoneCountryId) can be made mandatory during the Lead-to-Lease process (may require changes to the Grainger portal)</li><li>• We will need feedback from HomeLet about fields below that are marked as optional in the documentation, but are required when testing against the API</li></ul> <table><tr><td>"propertyType": 1,</td><td>propertyType</td><td>X</td><td>enum - Property Type</td></tr><tr><td>"propertyConstructionPeriod": 4,</td><td>propertyConstructionPeriod</td><td>X</td><td>enum - Property Construction Period</td></tr><tr><td>"numberOfBedrooms": 4,</td><td>numberOfBedrooms</td><td>X</td><td>integer</td></tr><tr><td>"noOfAdultOccupants": 2,</td><td>noOfAdultOccupants</td><td>X</td><td>integer</td></tr><tr><td>"noOfChildOccupants": 2,</td><td>noOfChildOccupants</td><td>X</td><td>integer</td></tr></table>	"propertyType": 1,	propertyType	X	enum - Property Type	"propertyConstructionPeriod": 4,	propertyConstructionPeriod	X	enum - Property Construction Period	"numberOfBedrooms": 4,	numberOfBedrooms	X	integer	"noOfAdultOccupants": 2,	noOfAdultOccupants	X	integer	"noOfChildOccupants": 2,	noOfChildOccupants	X	integer

Grainger / HomeLet progress update	@Scott Knight	<ul style="list-style-type: none"><li>• HomeLet appear to have underestimated the sophistication of Grainger's current referencing solution and will take longer than anticipated to bring their offering up to speed, we are looking at ±1 month extra as of now</li><li>• A call is scheduled for Mon 22nd May to discuss new timelines</li><li>• Scott and Sam to discuss after Monday call how best to proceed - ideally we should find other work for Anjali to while we wait for HomeLet to complete their work. The additional work can be done under the existing SOW that we have in place as this caters for additional hours with relevant approvals.</li></ul>
